

U. S. POPULATION IS 105,683,108

Figures Do Not Include 12,520,000 In Possessions, Announcement Says.

Washington, Oct. 7.—The 1920 population of continental United States was announced today by the census bureau as 105,683,108. This was an increase of 13,710,842, or 14.9 per cent since 1910. Today's total does not include the populations of outlying possessions which will be announced as soon as the figures for Alaska, and the military and naval services abroad are tabulated. It is estimated, however, that these possessions have 12,520,000 inhabitants, so the total number of people living under the American flag is in round numbers 118,000,000.

Figures for continental United States compare with 91,972,262, ten years ago, and 75,994,575 twenty years ago. The increase for the last decade, however, fell 2,666,849 or 6.1 per cent below that of the preceding decade.

FAREWELL MUSICAL FOR MRS. PATTERSON

A most enjoyable social event was held at Callamara, the beautiful residence of Mr. and Mrs. F. P. Sizer, on Thursday evening, October 7. The occasion was a farewell musicale tendered by the Music club to Mrs. Patterson, who will leave soon for Marysville, Kan., to make her home.

Mrs. Sizer is a charming hostess and should be commended, not only for affording enjoyment to the members and their escorts, but we have the conviction that she was largely instrumental in compiling the following artistic program of music and readings.

BIRTHDAY DINNER FOR A CENTENARIAN

On Tuesday, October 5, the people of Purdy and vicinity turned out en masse to do honor to one who had come to the one hundredth milestone in her life's journey.

Mrs. Baylor is the mother of Dave Baylor and Mrs. Jewell with whom she lives. About 300 people attended the dinner given in her honor on her one hundredth birthday.

The beautiful day, warm and sunny, with the first golden tints of autumn or nature's foliage and all the ripened fruits garnered into the harvest, was indeed a perfect symbol of the fullness of years of "Mother Baylor" who has come to the evening of life and who can only sit and dream over and over the dreams that made her life. And as she sits with folded hands and unseeing eyes and almost deaf ears—sightless eyes? and deaf ears? no never! Memory and fancy paint pictures for her, which no artist dare attempt. With the eyes or vision she can see and also hear.

It is "Not all of life to live, nor all of death to die." Then do we know that somewhere beyond there is a better, fairer land. Eye hath not seen it—no feet have trodden its streets of gold, yet sometime we've heard softest sweetest music, far away it seemed, as if a door had been left ajar and only the echo of it reached our ears.

A century of joys and sorrows, laughter and tears and all it takes to make life, childhood, young womanhood, wifehood and motherhood, and at last, widowhood. These were all experienced by Mother Baylor who is of the homekeeping, everyday kind of woman, numbered by millions, unsung by Bard nor Poet—but friends are all those who love a clean life.

MONETT WINS FROM JOPLIN 6 TO 0

Superior Physical Condition of Monett Boys Won Over Greater Weight of Visitors.

The Monett high school took a long step toward the football championship Friday by defeating the heavy fast Joplin team by the score of 6 to 0.

The winning touchdown was made at the beginning of the second quarter. After a series of determined rushes had laid the ball on Joplin's one-yard line, Fly, with the assistance of the entire Monett team, plunged through the boasted Joplin line to victory.

Joplin's players outweighed the Monett boys ten pounds to the man. This handicap was overcome by the superior physical condition of the home boys due to their careful observance of training rules. The visiting team was well coached and the game was closely contested all the way.

The ball was, however, in Joplin territory practically all the time, Monett's goal never being seriously threatened after the first quarter.

Joplin's dreaded forward pass was completely nullified by the alert Monett defense. At least thirty attempts were made by the visitors, nearly all being long dangerous flings but only two were completed, these bringing but a slight gain. Walter Reynaud, punting for Monett, was superior to his opponent. This helped keep the ball in enemy territory.

Walter Reynaud was the individual star of the game. His broken field running electrified the side lines again and again. His brother Milton, the quarterback, used good generalship and was alert in breaking up forward passes. Raymond Fly's line plunging was remarkable, as was the work of Burl Henderson in breaking up end runs. Line men who showed up exceptionally well were Johnston at center, McCullough at tackle and Long at end. In fact, every man on

the team played well, the whole eleven working together as a unit. This superior team work was the main factor in winning the game.

The team was better supported by the student body than ever before. The new Booster Club was very much in evidence. Their constant and determined cheering for their team had much to do in winning the game. A very large crowd of people witnessed the contest.

The referee was William Miller of Drury College and the umpire was M. E. Greer of Teachers' College Springfield.

The line-up of the Monett team was as follows: L. E. Counts; L. T. McCubbins; L. G. Kehrs; C. Johnston; R. G. Young and Witte; R. T. Chumbley; R. E. Long; Q. B. M. Reynaud; L. H. Henderson; R. H. W. Reynaud; F. B. Fly.

Miss Margaret Mangrich of Aurora spent Thursday in the city with her aunt, Mrs. A. J. Ruscha, and family.

But Certain-teed Roofing is more than an aid in the prevention of fire. It also protects from rain or snow and is guaranteed for five, ten or fifteen years, according to weight.

It costs less to buy, less to lay and less to maintain than any other type of good roofing.
